OVERVIEW

AN EXPERIENCED TEAM

The Tysers Live team has years of experience in dealing with businesses and individuals in the media and entertainment industry. We understand the unique pressure under which you operate and time constraints placed upon you, so we are set up to respond quickly to your needs.

We understand the devastating effect of production delays and have experienced staff and systems in place to meet your deadlines.

PROTECTING CLIENTS

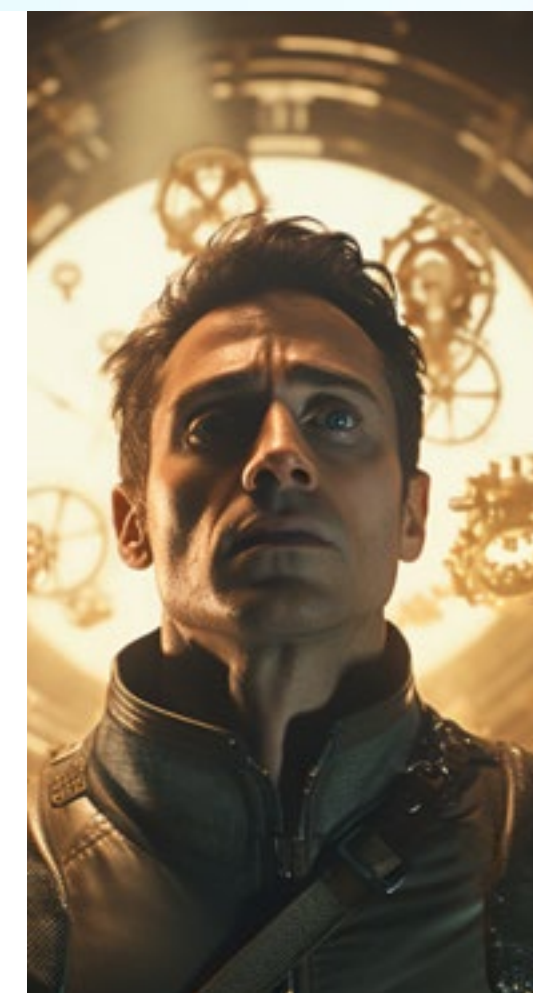

Productions depend on organisation, creativity and certainty, so when the unexpected happens clients need to know their insurance cover will protect their project. They also need to be confident that they can rely on their broker's experience, expertise and support to efficiently manage difficult situations and potential claims. We work in partnership with specialist loss adjusters to ensure we achieve the best outcome. We take great pride in our speed of response, from first notification to satisfactory settlement.

TESTIMONIALS

"The team led by Paul are far more than an insurance provider, they are like partners with us on the projects they are involved in. They treat each production as if their own, with a passion, diligence and understanding rarely found. We would never move forward without them in our corner."

Leo Pearlman – Fulwell 73

"Having had Paul and the Tysers team support us on our first ever production, we have continually felt fully supported and stayed in great communication with Paul. His passion for film shines through and is a welcome addition throughout the whole process of working with Tysers. Always available, and always supportive with great advice we are looking forward to working with them many times in the future."

Tom Ackerley – Lucky Chap Entertainment

"With the work we do at Box to Box we need insurers who are on hand 24/7 to deal with all our requests as they come in. Tysers have been great at this and we know we will get a response and be able to proceed safe in the knowledge that we are covered for all eventualities. Their expertise and understanding of the industry is second to none. Issues are dealt with quickly and Paul had a great ability with his care and attention to make you feel like you are his only client. Having worked with many other companies who were less able to support, I would never go back."

Milly Beddard – Box to Box Films

"We have found working with Tysers to be a really 'partnerial' affair. Communication is always quick and straightforward, and more importantly, great advice and service. Their knowledge and depth of experience is excellent, and a pleasure to work with to boot."

Kate Murrell – Eleven Film

"Over the years of working with Paul and Tysers; they have been nothing but incredibly helpful, a fountain of knowledge, but ultimately reliable and dependable. Whatever the query may have been or last minute additions/changes were needed; Tysers have been there to support us at any hour of any day to solve any problem. We are very grateful for their dedication."

Phil Robertson – Imaginarium Productions

"Tysers continue to give Kudos great support on all our drama productions – both internationally & in the UK. Whether it's snow, accidents on set, or just plain advice, we couldn't ask for better insurance cover."

Alison Barnett – Kudos

"Whether it's for office insurance, a pilot half hour show or a high-end drama like Sherlock, the attention and guidance we receive from Tysers when putting cover in place is the same. You know everything will be explained to you, in person, all eventualities discussed and covered. With Tysers we're in very safe hands."

Debbie Vertue – Hartwood Films
